## PEOPLE. BUILDING. TRUST.

NASA Services International (NSI) is a global services company that provides fast and innovative solutions in heavy and commercial equipment leasing, labor supply, city works, food management and procurement.

Committed to safety, quality service, and ethical standards, NSI employees work in some of the most challenging environments in the world, including conflict zones and remote, isolated regions. This has given us agility, flexibility, and experience in providing quality and cost-effective solutions for clients in different sectors and countries around the world.

Founded at the crossroads of Europe and Asia, our unique base of operations in Europe and Middle East provides a central hub and network. Our close proximity to key cities in Europe, the Middle East and North Africa ensures our clients have access to our award-winning service offering from almost anywhere in the world.

If you are entering a new geographic area or expanding where you already have a presence, especially if it is remote or in a conflict zone, NSI can help. If your organization needs quality workers fast, NSI has the expertise to recruit and deploy the people you require. If you need help providing basic services — such as laundry or food service — for your employees on the ground, NSI can provide best-in-class support. For decades, NSI has provided these services and more to clients in the world's most challenging environments. We would be honored to put our experience and expertise to work for your organization.

#### NSI AT-A-GLANCE

- Full range of award-winning contracting services
- More than 3,000 contracts and purchase orders serviced to date
- Facilities and logistics relationships in more than 15 strategic locations throughout Europe, the Middle East and North Africa
- Constantly striving for the highest standards of quality, accountability, and transparency, NSI has earned ISO 9001, ISO 14001, and ISO 18001 certifications for safety and quality.

## OUR OFFERING & EXPERIENCE

Over the past two decades, NSI has serviced more than 3,000 contracts and purchase orders for the world's most selective customers, including large contracting firms, national governments, and multinational organizations.

We lease heavy and commercial equipment including service trucks, cranes, and dump trucks. We build and maintain "man camps" from the ground-up — including constructing housing and storage facilities; delivering water; supplying power generation and electrical grids; providing catering, laundry, and janitorial services; and recruiting and managing the thousands of people needed to provide these services on-site.

Our expertise translates across many sectors, from defense and municipal infrastructure, to the oil & gas sectors.

#### NSI'S COMPREHENSIVE SERVICE OFFERING

- Heavy and Commercial Equipment Leasing
- City Works
- Food Management
- Procurement
- Labor Supply
- Construction

#### OUR UNIQUE POSITION

Headquartered in Europe, our heritage and operational footprint position NSI at a central geographic hub, provide us with access to an in-region network of suppliers, and have given us extensive experience navigating the logistical and cultural challenges unique to the Middle East and Africa.

We have facilities and logistics relationships in more than 15 strategic locations throughout Europe, the Middle East and North Africa. Our operations in Afghanistan, Iraq, Turkey, Germany, United Kingdom and Belgium, provide a unique base for easy deployment of equipment and people to the entire region.

# OUR BEST-IN-CLASS SERVICES

## LABOR SUPPLY

No one mobilizes the right people better than NSI. In fact, our mobilization rates are unheard of in the industry — we deliver project personnel on time, every time.

We are adept at leveraging our established labor networks to quickly and efficiently meet our clients' labor needs. Since our company's founding, we have deployed thousands of skilled workers to remote locations in the Middle East, such as Afghanistan and Iraq.

Underpinning all of our services is a commitment to the safety and welfare of our employees. All NSI employees are trained on our Ethical Guidelines, which are reinforced in the NSI Employee Handbook. We provide a 24-hour ethics hotline for employees to report any allegations of theft, trafficking, and other crimes — and all potential ethics incidents are thoroughly investigated and quickly resolved. Of course, we also comply with all international and national rules and regulations regarding human trafficking.

### CORE SECTORS

- Government (Military)
- Oil & Gas
- Relief Agencies/NGOs

**NSI personnel worked 44 million hours in 2011-2015 with no major injuries. We have earned a strong safety record in accordance with the United States' Occupational Safety and Health Administration (OSHA), the main U.S. federal agency charged with the enforcement of safety and health legislation.**

# BEST-IN-CLASS SERVICES

## LIGHT AND HEAVY-DUTY VEHICLES

NSI offers one of the highest-quality, most dependable fleets of brand-name vehicle & heavy equipment in our industry. We have a large inventory of nearly 400 pieces of heavy equipment, including low beds and cranes of every size, and we also maintain a fleet of more than 100 service trucks and other vehicles, such as long-haul vehicles, buses, and light-duty trucks and passenger cars. We are constantly expanding our fleet to ensure our customers have access to the most up-to-date and reliable equipment possible.

Not only is our own fleet of the highest quality, but our extensive network of suppliers means we can procure the right piece of equipment to meet any lease requirement, at any time.

## POWER EQUIPMENT LEASING

Whether it's a standby power system for a large data center, a backup generator powering through an outage, portable generators powering tools at the job site, NSI meets the power needs of consumers. Across the country and around the world. In particular, the portable Generators range from 24 kVA to 1000kVA. We have added generators to our fleet as the needs of the industry have demanded.

## CONSTRUCTION

Our highly qualified engineering staff is skilled in all aspects of preconstruction, including estimation, scope coordination, constructability reviews, scheduling, systems and materials options analysis, value analysis (engineering), sustainable materials and methods analysis, and trade contractor procurement. Our core construction expertise includes infrastructure, superstructure, electro-mechanical works, landscaping, base camp facilities, and life support services.

Our staff is well versed in construction regulations and labor laws around the world, and all NSI engineers complete the Construction Quality Management for Contractors certification program.

Past NSI construction projects include building fire stations, dormitory buildings, and other buildings in Afghanistan; constructing aircraft maintenance hangers at Aydin Pilot School Airport in Turkey.

## CITY WORKS

NSI offers rapidly deployable, fully customizable city works solutions to customers operating in the toughest environments. We currently provide city works services — often referred to as life-support services — for thousands of people worldwide, many of them located in remote, austere regions with limited infrastructure or under emergency response-type conditions.

These services range from comprehensive base camp operations support in the Middle East, where we are capable of sustaining more than 15,000 personnel, to temporary housing for our customers' short-term needs. We are proud that our solutions meet all of the necessary tactical requirements of the given theater, and also often provide comforts and conveniences rarely found in these environments.

### NSI'S CITY WORKS OFFERING INCLUDES:

- Housing
- Fuel Services
- Laundry Services
- Water Treatment & Delivery
- Black Water Collection & Treatment
- Waste Management
- Portable Toilet Services
- Vehicle Leasing
- Operation & Maintenance
- Power Generation & Distribution

Our city works experience includes managing the construction and maintenance of 5,000 housing installations, portable toilets, and accompanying catering and food service in Iraq; and providing laundry personnel and services at 10 locations in Afghanistan, with over 10,000 laundry bags washed each day.

## FOOD MANAGEMENT

NSI has extensive experience in food management. We provide both on- and off-premise chefs, cooks, and pre-packaged meals. We also offer diverse menu options for our clients, and our chefs and cooks can be retained through lease arrangements or exclusively by one client.

**NSI employs roughly 1,000 people in food service in Turkey alone. We currently serve over 1 million hot meals each month for our clients.**

## PROCUREMENT

In addition to maintaining our own stock of heavy equipment, vehicles, and other materials, we are experts in procurement and logistics — and are constantly striving for the highest standards of quality, accountability, and transparency in all of our procurement and logistics services. In fact, to date, NSI has earned ISO 9000, ISO 14001, and ISO 18001 certifications for safety and quality.

To date, we have delivered over \$370 million worth of goods and services to our valued customers in the public and private sectors. NSI's experts work to expedite the procurement process by conducting market research and pre-qualifying the best suppliers. Our procurement team is experienced with IDIQ, FFP, BPA, and commodity agreements, and we use pre-negotiated reduced pricing on all purchases to ensure that even our first-time customers benefit from NSI's buying power.

# OUR OFFICES

## OUR OFFICES

Since our founding just 25 years ago, NSI has grown from a single vehicle leasing location in the South of Turkey to a multinational company with locations in Europe and the Middle East.

## WORKING WITH US

With our full range of award-winning contracting services and decades of experience serving clients in some of the most challenging environments in the world, NSI is the choice for all of your labor supply, heavy equipment, construction, city works, food management, and procurement needs.

To learn more about NSI's experience and how our offering could best meet your organization's needs, please [contactus@nsi.us](mailto:contactus@nsi.us) and visit our website at [www.nsi.us](http://www.nsi.us)

**PEOPLE  
BUILDING  
TRUST**

The image features a complex abstract composition of overlapping shapes. On the left, a large, dark red shape curves upwards and to the right. In the center, a bright red circle is partially obscured by a darker red shape. To the right, two grey shapes, resembling stylized eyes or lenses, are positioned vertically. The background is a mix of white and dark red areas.
